

Contract Manufacturing

COMPTEX

TOLL WEAVING / CONTRACT MANUFACTURING AND LOGISTICS

Our management, operators and technicians have extensive experience in design and production of fiberglass, carbon and other high performance fabrics. Toll weaving is an important part of our operation and our two largest customers have partnered with us for over 12 years.

“ Comptex has been our primary source for fiberglass cloth for over fifteen years . The partnership has eliminated supply and quality problems typical of off-shore manufacturers. ”

Dave- Operations....Industrial Fabric Coating Company
